### PIECANNA

J. M. Cunningham, of Abilene, once a citizen of our town spent a couple of hours here Thursday of last week, the object of his visit was to meet the town's board, of which he is a member.

The picnic here last Thursday was a success from start to finish as far as we know. Not one single accident occurred to mar the pleasure seekers. A fine dinner and plenty of barbecued meat was one of the main features of the day, while there was a number of amusements to entertain the crowd with from the least to the greatest, such as the sack race, potato race, cigar race, tournament, and the greased pole and for the winner of either there were liberal

prizes given. Time and space will not permit me to give a full report of prize winners, but there is one thing that can honestly be said, that the people of our town and country know how to make a picnic or anything else a success they undertake.

Miss Bradley, of Mangum, Okla., sister of our fellow countryman S. A. Bradley is visiting himself and family this week.

Mr. and Mrs. J. E. Park of the Pecos Mercantile Company left Sunday for the Eastern markets to buy the fall and winter stock for the store.

W. L. Jolly, of Hater, Mo. is now located with us and has charge of the town's property here and any one

who is desirous of hearing here will do well to see him at once.

S. P. Smith purchased the two lots south of his residence and will erect a barn on them.

Our school will open Monday, September 6th.

The recent meeting at the Methodist church is being conducted in good order. Rev. Stephens of Snyder is doing able preaching and much good is being done in the way of the whole church being revived.

Mr. and Mrs. J. S. Hughes left on Sunday for Big Springs after spending two weeks with his brother H. H. and family. Fred having been down nearly six weeks with fever and visited here and is now drifting at Big Springs for his health. It is hoped that his trip will prove beneficial to him and he will soon return to his work at Snyder.

O. L. Howell of Hartsburg spent a couple of days here last week.

T. P. Cook, of Hartsburg came to Saturday for a few days stop, looking after his interests in this part of the country.

Mr. Trussel and family returned Wednesday of last week from near Shreveport Louisiana where they have worked some two years ago. We gladly welcome them back again into our midst. People will become dissatisfied with West Texas and move away but they are most sure to return.

Dr. J. O. Lane and family and W. B. Dams and family left last week in their auto for Denver, Colo. and other points and will be away for three or four weeks.

Dr. A. W. Browning left Sunday for Park Springs, Texas with his father who has been visiting him the past two months and was not able to make the trip alone on account of his age.

Mrs. Edwin Dietz returned Tuesday from Aspermont where she has been visiting the past two weeks.

### Missionary Meeting

## PELLAGRA AND HOOK WORM PERMANENTLY CURED

For eight years Dr. W. J. McCrary, a graduate practicing physician, has had the most remarkable success in curing Pellagra and Hook Worm diseases in his practicing territory in Northern Alabama, and now these wonderful Remedies are being offered to sufferers over the entire South. Cures have been effected in the very worst stages of Pellagra and Hook Worm by Dr. McCrary's Remedies, and the cure is permanent—not a temporary relief. Patients bed-ridden and out of mind treated seven and eight years ago for Pellagra were cured in a few weeks, and are in fine health today. Hundreds of testimonials are gladly given by these patients of Dr. McCrary.

TREATMENT FREE OF CHARGE IF WE DO NOT CURE YOU. WE ALSO DIAGNOSE YOUR CASE AND ADVISE YOU FREE. WRITE FOR BOOK AND FULL PARTICULARS TODAY.

## COMING ATTRACTION!

Judge Quentin D. Corley will deliver his interesting and illustrated lecture "Overcoming Difficulties" in Snyder Friday night, August 29, benefit the local Boy Scouts. The Dallas News says: "Judge Corley is one of the dearest kind. He maintains that being deprived of hands is not nearly so bad as some other things, and to prove this theory, he does just about anything that any other man can do and some things that are difficult even for a man with two hands. Watch for further particulars."
